From: Commander U. S. Naval Forces Philippines  
To: ADJ1 Victor D. GRAF, USN, 519 85 87  
Via: Officer in Charge, Helicopter Anti-Submarine Squadron SIX Det

Subj: Letter of Appreciation

1. The Naval Forces in the Philippines played a major role in supporting the Manila Summit Conference, recently completed. In recognition of this support, the Deputy Under Secretary of State for Administration, Mr. William J. Crockett has written me the following:

"President Johnson has asked me to convey to you his personal appreciation of the invaluable assistance provided by the officers and men of your command in support of the United States Delegation and the Embassy for the Manila Summit Conference. Their ceaseless, unstinting and highly effective work contributed immeasurably to the success of the overall American effort and won the admiration of us all. It is in keeping with the highest traditions of the United States Navy."

2. You may take considerable personal pride and satisfaction that you played an important role in the overall support of the conference. I am pleased to extend my appreciation for your unselfish and highly professional assistance to the Manila Summit Conference. "Well Done."
